Notes:

1. The above table is a breakdown of Electronics sales and operating revenue and operating income (loss) in Sony's business segment information. The Electronics business is managed as a single operating segment by Sony's management. However, Sony believes that the information in this table is useful to investors in understanding the contributions of the products in this business segment.
2. 'Semiconductors' and 'Other' inter-category and inter-segment amounts primarily include transactions with the Game segment.
3. Except for Sales and operating revenue in each product category with respect to customers, the above amounts are not measures conforming with U.S. GAAP. Operating income and loss figures by product category reflect allocations of expenses of the Electronics business which Sony believes are reasonable in showing operating results but are not in accordance with US GAAP.
