#### II. Reasons for Determination of Dividend Amount

As we stated in our Securities Report (*Yukashoken Houkokusho*) and Annual Report on Form 20-F for the fiscal year ended March 31, 2014, Sony believes that continuously increasing corporate value and providing dividends are essential to rewarding stockholders. The company’s dividend policy is to determine the amount of dividends based on consolidated operating results, financial condition and future business expectations. In light of the downward revision in this fiscal year’s forecast for consolidated financial results due to the impairment charge in the Mobile Communications segment announced today, Sony has determined to pay no interim dividend or year-end dividend for the fiscal year ending March 31, 2015.
